

Full-time Faculty Positions in Medical Imaging Shanghai Jiao Tong University, Shanghai, China

Shanghai Jiao Tong University (SJTU) and United Imaging Healthcare (UIH) has jointly established a new research institute, the SJTU-UIH Institute for Medical Imaging Technology (IMIT) with the mission of pursuing world-class excellence in research, technological innovation and education in the field of medical imaging.

The Institute invites applications for full-time faculty positions at all levels in several technical areas including but not limited to:

- Diagnostic medical imaging technology (MRI, CT, PET, multi-modality imaging);
- Therapeutic imaging technology (image guidance in medical robotics, image guidance in radiation therapy, interventional imaging);
- Artificial intelligence.

Applicants specialized in medical imaging technology with a high potential for industrial translation are particularly encouraged to apply. Minimum qualifications include an earned PhD degree, preferably with postdoctoral training experiences. Applicants should have outstanding academic credentials and the ability to teach effectively at both undergraduate and graduate levels. Successful candidates are expected to establish and carry out independent research programs and to perform academic duties (e.g., supervising graduate thesis research and applying for external funding).

Review of applications will continue until all positions are filled. Competitive salary and generous startup funds will be offered based on the experience and qualification of each individual candidate.

Please include in your application a cover letter, curriculum vitae (including your full publication list with 5 of your most important publications highlighted), a statement of research interests and vision, and a list of at least 5 references with full contact information.

Please send your application via email to:
