## Post-doctoral Fellow Position

**Post-doctoral Fellow position in the Laboratory of Biomedical Imaging and Signal Processing ([www.hku/hk/bisplab](http://www.hku/hk/bisplab))** of Department of Electrical and Electronic Engineering is open immediately with 3-year contract.

Applicants should possess a Ph.D. degree or strong background in neurosciences, preferably **systems neuroscience**, or neuroimaging. Experience in laboratory work is required. Prior experience in brain imaging or/and animal procedures (such as surgery, electrophysiology or rodent behavioral tests) is desired. Applicants should be self-motivated, and able to work independently as well as in a multidisciplinary team. The primary research direction is to develop and apply **functional MRI and optogenetics** to investigate basic systems neuroscience questions in animal models.

A highly competitive salary commensurate with qualifications and experience will be offered, in addition to annual leave and medical benefits.

**Applicants should send a cover letter and C.V. to Prof Ed X. Wu at [antheatoho@gmail.com](mailto:antheatoho@gmail.com)**
